

SWIPE OR SIP

SELL YOURSELF. REGRET NOTHING.

SETUP

- Deal **Character Cards**, **Reveal Cards**, and **Energy Markers** as normal.
- Choose one player to go first.
- Keep the Energy Markers nearby to track Swipe Right votes.

HOW TO PLAY

On your turn, you have 30 seconds to create and deliver a dating profile that matches your Character and Energy.

Your profile must include at least two:

- A dating-app bio
- Your ideal first date
- Your biggest red flag
- A relationship dealbreaker
- A pickup line
- What you're really looking for

Stay in character and convince the room you deserve a Swipe Right.

SWIPE OR SIP

After each profile, everyone votes simultaneously:

- **Swipe Right:** The performer earns 1 Energy Marker.
- **Swipe Left:** No point.
- **Majority Swipe Left:** The performer drinks.
- **Unanimous Swipe Left:** The performer drinks twice.

The performer cannot vote for themselves.

HOW TO WIN

After everyone has presented, the player with the most Energy Markers is crowned Most Swipeable.

TIEBREAKER

Tied players have 15 seconds to deliver their best in-character pickup line. The room votes one final time.
